“ Dad, I am trying very hard to focus on the amazing memories and not the "if only...." thoughts that we all will deal with, now and for the rest of our lives. So I focus on things like eating hot dogs at 6am at old car swap meets ("Don't tell your mom"), and working on all kinds of cars and projects for as long as I can remember. Or driving with you in the 32 truck all the way to an All Ford Show in San Diego and another time to a club run up and over the old Grapevine route. And taking the 32 Roadster to the LA Roadster Show for the first time another year is another great memory, and more 6am hot dogs. A memory of you and I camping in Death Valley to follow up on a rumor of a hidden car horde, or camping on gold claims in the hope of striking it rich. These and so many other great memories prove that we did indeed "strike it rich" dad. I miss you and always will! Love, Mike

“ I miss you but will always have the memories. All the fun and crazy things we did in the Elks Trailer Camper group. Camping with the kids, and taking them to the beach so they could play in the water. The great friends we had and made new ones on the trips to the Balkins, Russia, Europe and Scandinavian Countries. All the things and projects we did at St Patrick's church. We had a great and a fun filled life with all we were fortunate to do together. I love you with all my heart and we will be together again. “ Daddy, life just isn't the same without you here. The sorrow I feel is immeasurable. But I find my hope in Jesus as I know you are with him, sharing your knowledge with the Master Carpenter. I will always love you and you'll always be my dad. Love, Karen
