PS

I worked at Service Center Speed Shop on Mission St. I would drive past Al's every night to get out to 101 south. I had many customers with his chassis. Always looked cool and hooked up hard

“ Al was my uncle and he was a great man. He always encouraged my love of art. I remember for every birthday he would get me something for my art. He will definitely be missed and forever loved.

“ My name is Ted

I have know Al Fitting since the mid 1960s where, as a customer, I came upon his Al's Automotive shop in Brisbane, CA. AL since moved his shop to Grass Valley in the 1980s. Al worked on my cars for decades at both locations. Al always came up with amazing innovative, creative approaches for the custom fabrication and mechanical prowess that he is so renowned and implement them with superb craftsmanship. Over those decades we became close friends.

Al is very much appreciated and is dearly missed by me, and I am sure by many other folks, too.

God bless you Al. You're in heaven now.
