RB

“ Audrey and I were friends in San Francisco in the 1970's and continued our friendship after she moved to Nevada County. She had a great sense of humor and we laughed a lot together.

I have always been grateful to Audrey for our dog Buddy. She and a friend rescued him in Washington and brought him to us. He was a wonderful dog and we loved him dearly.

And I have always been grateful to Audrey for my first--and most wonderful horse-- Tango.

Audrey was that special, older cousin, who was my idol growing up. I only saw her once in San Francisco in 1972! I still wish we had kept up with each other. We had reconnected in the early 20teens, but lost that connection before she passed. I'm saddened to think it took me 6 yrs. to find out that she has passed. She was a wonderful person.
