“ I met Barbara when she was 27 and I was 22 and we were both working with the Vista project in North Adams Massachusetts. She was a mentor to me and introduced me to yoga, whole, healthy foods, and feminism. She had a huge impact on my life. I found out just a few minutes ago that she died. I wish I had been in closer contact with her and wish I had known. Sending love, Salli Benedict

“ Is there going to be any sort of remembrance service for Barbara? Many of us--her colleagues and co-workers--remember her as such a fine, kind, and caring physician.

There was a private one held Thursday for family & close friends. There will be a public one held at a later date, possibly this summer.

I knew her also from emergency room work in St. Louis in the late 1980's. A lovely woman and fun to be around.
