“ So sorry to hear of Connie's passing- I had known her since 2000 in Grass Valley & used to help her out with her PC that she used for legal summaries

She was always a pleasure to talk to and a very genuine person easy to get along with and always ready to answer questions about her many interests

She got involved early on in teleworking and I remember her avidly following the Iditarod sled race in Alaska in those early days

*I do not know if you her family will see this,
I only hope so even after so much time has passed and that you should know I liked her very much and feel so sorry that I did not know before for sure what had happened to her as our paths crossed less as I assumed she had retired.*

Much love to you all

“ I became friends with Connie through her sister Terry. Connie was so sweet--she never had a bad word for anyone. We spent Thanksgiving 2020 (I think) with her. It could have been 2019. But we shared a special holiday. I think of her every day. We also shared several Celtic Fairs; Connie was knowledgeable about her family's genealogy and I hope to learn some with what she left. I am just sorry this sweet lady is gone and I will not see her smile again.
