“ Dearest Flo and all the family,
I know Frank has written to you but I wanted to express our sympathy to you on the great loss of Jim. We know in our hearts that the wealth of friends will bring you much comfort at this time. Our thoughts and prayers are with you. Jim was awesome and we still remember the wonderful dinners we had together when you visited Chicago. Great sense of humor, great smile and such a loving guy who adored Flo and all his kids and all the family. He will be greatly missed. Much love to you, Irma Blatchford
