“ To Ed, Heather, Robin, and the oldest brother,

We just learned of the loss of your Mom and wife, and send our condolences to all of you. Although we ever knew her, we knew that she was not well for a long time. However we also know that the loss of a Mom is always haunting and sad. Losing a life partner is even harder to imagine. We will all be thinking of you and hope you find comfort in your memories and pictures.
