“ We travelled through Europe and to Afghanistan and lived together in the early Seventies. She was a great love of mine. I would dearly like to know what happened since (delmac42@yahoo.co.uk)

“ I just thought I'd look up Georgia's name online just to see if there was any more info, as I have nostalgic interest, and was devastated to learn of her demise. My name is Derek (McEwan) and I knew her back in the '70s - we met in England - I am a Brit - and travelled together extensively for a year or so, lived together in Hastings for a while.

What can I say, please let me know what happened; I just wish I'd got in touch when I first found her name, living in Alameda(?). My email address is delmac42@yahoo.co.uk

Love and Wellwishes to you whoever you may be
