“ Miller "Whitey" "James Dean" Harper
Made a man of myself and formed a special bond with my Big Brother John. He taught us how to clean and service commercial swimming pools, ride and race motorcycles and how be really "Neat" He was a "Neat" guy but more than that, he was the ultimate James Dean of James Dean's. No one cooler than whitey. He is the type that succeeds at everything he puts the effort towards. It's just his way. I know there are a few Gripsters in Heaven, who have been waiting to greet him. We will all miss you Whitey. See you soon.
