“ Jane was a thoroughly beautiful soul who will be missed by so many people. Her very unexpected death has been hard to except & I didn't even believe it at first. I can only imagine how difficult this time must be for her immediate family & those who were closer to Jane that I had been. In the considerably short time I had the privilege to call Jane my friend I can say that to me she seemed to have a heart of gold & may not have had a mean bone in her body unless she was defending someone she cared about. In that case I felt bad for whoever was in opposition. I will always remember her as one of the sweetest souls nevertheless. RIP Jane you will always live on in our hearts.

Here is one of my favorite quotes from an author that is unknown to me but I love it-

"There are no goodbyes because we don't die, we transform.... so see you forever. See you in the next dimension when our souls are free."

“ She was my mother beautiful honest bold true who gave me so much love that nobody's love could contend .God took her from us broad sided me with a grief I will never be free of.here one minute gone forever....god I'm told needed her in heaven .well how selfish of me to say that's not fair. Thank you lord god for taking her home in her sleep that I at least can live at ease knowing .Mom look down and know that I love and loved you like no other.I do not know how I'm going to carry on without you're love but I promise I will never forget our time so short together.you were my best friend
