“ A note to Ginny, Catharine, Elinor, David, and family: Your Mom will always be remembered. She was a woman full of vitality, always on the go! Catharine, I remember you being whisked to and fro by your Mom or Ginny to swimming or any number of your activities in the brand new blue car. What I remember most about your Mom? She never gave up trying! How she loved her children one can never question. Also, Laura's own mother "Big Ginny" had many stories of old La Jolla to share with us. Your Uncle Selby coming down for a visit, always a unique perspective on what was happening! "Big Ginny", Laura, Ginny, and little Catharine, three generations of dynamic women living in one cozy little house. Mrs. Dalton will never be forgot, she will live on in our memories and our hearts.
