“ Liam, knowing you was one of the most special experiences of my life. Loving you and being with you was a honor and our time together was something I will never forget. I think of you often and am wishing the best for your friends and family, even now. ❤️

“ Liam, we attended Magnolia Intermediate School together. You were a good kid and were always a good friend to me. I wish we could have stayed in touch after you left Magnolia. I had been looking for you for years, only for this to be the outcome. I wish I could've found you sooner and am very upset with myself that I didn't. I hope that some day we could meet again. I'll always miss and love you, Liam.

Sincerely,
Your old friend Cierra

“ Hi Liam, I was thinking about you today when I went down to Holiday market. I remember that's the last place I saw you. I thought about you a few times I probably should have written it but I pray for your family to have a good Christmas this will be the first Christmas without you. There'll be many broken hearts today. Everybody misses you Liam we're sorry you had to go so early and we think of you often Merry Christmas.

“ Liam, I remember the night we met so vividly. The second I saw you I knew I'd love you. And I was right. You had beautiful and vibrant energy. The kind that draws people in and makes them want to be around you. You were the only friend I had made when I moved up to Nevada City in August of last year. I wish more than anything that we had more time together. It is unbelievably painful when I realize that you're gone. I will cherish the old conversations I have saved, and the handful of memories we shared. When I returned to Nevada City in August of this year, I was so excited to see you again. Aside from a very brief interaction in Safeway, I didn't get the chance to spend the time I would have liked to with you. And I will miss you forever. I know you're soaring high up there and shining down on everyone's lives who you impacted. I only hope that we see each other again one day.

“ *Liam I love you so much! There will never be enough time or words in the world to describe how beautiful and unique you are! I miss you so much!!! I will never forget the endless amounts of memories we have together! I am so thankful for all the moments we got to share together! You were just now figuring out who you were and who you wanted to be and I wish we could have seen the beautiful flower you would turn into! I know you would have been more breathe taking than ever! I will miss you more than you will know and I'm sorry I wasn't around more before you passed but you knew I was always thinking of you and was always there for you! I LOVE YOU LIAM!!!!*

“ *Liam was my daughter Dusti's best friend. What a wonderful young man I had the privilege to know, so much talent and such a big heart! Liam & his sister Bailey were always friendly & polite when guests in my home. What a wonderful job his parents have done raising such a kind young man.*

I saw Liam the day before he passed at Holiday Market, we chatted for a bit, I hadn't seen him in some time. I am very lucky to have had the chance to see him before this tragedy. His friendly smile will remain in my memory for an eternity!

You will be missed so much Liam, you touched many hearts and we are sad to not have you in our life anymore.

You will never be forgotten!
