“ I remember Linda taking me in as a daughter and loving me as her own. Linda had a wonderful sense of humor and a longing for her family who preceded her in death her sister Lisa, Judith, more recently her brother Rick. And of course her daughter and beloved son Mika Pelly. Jesse if you're reading this I have a few pictures of your brother from when he was a child I don't know if you're interested in them or if you know Mika's kid with a girl in California. If it's any consolation all of your brother's friends remember him love and miss him as I do. I only wish I found your Mom sooner. I'm so so sorry your family has so much loss. Sending you love Stephanie from Santa Cruz
