“ *What can we all really say about mike, his smile would melt the girls to the laughs he would give us. I have had the pleasure to spend time with this amazing guy. From our good memories in school to our midnight swims in the south yuba river. I will always enjoy my time spent with him. I will truly miss him dearly. Rest In Peace my friend.*

“ *Mikey would light up a room when he walked in. I had the pleasure of spending most of my teenage years with him. He was always so kind and fun loving. I will truly miss his sweet nature. Fly high brother. Rosheen nulph*

My Name is Eric

I know that the short time I knowin mike I will always remember his beautiful smile and kind heart .

He had away with children also.

Mike was staying with me and my roommates and their two little girls Arles 10 & Ava 6 Mike liked playing and Dancing and always was laughing when they were hanging out. He was extremely smart and was always willing to help Arlee with home working if needed.

He loved life and especially loved his family.

When out and about I would always be smiling and having a good time.

He loved to cook things from scratch and it was always delicious.

I know and believe in my heart that mike is flying high above with gods other angels looking down on us.

He will be in my heart and on my mind daily and his mom and aunts and uncles and cousins are in my prayers.
