“ Just today I learned of the passing of Pam. In the scheme of things, I only knew her and her two awesome children, Darcie and Derek for just a moment back in 1982. My favorite memory was when the four of us visited the Sacramento zoo. (Me and the elephants still remember you!) I have photos t I would like to share.

*I believe Pam has awakened, with the opportunity to learn even more about Love and God and I know that she loves her children to the extreme! I hold the Secor family in very high regard, as apparently I have never forgotten them after almost forty years!*

*Lovingly, Keevin Long
