“ I am truly saddened.....Pat was an amazing person...She lived a great life. From riding camels in Egypt, modeling and her loving Abby (her spoiled little dog)...she lived life to the fullest. I will miss the calls for assistance to get her out of her new Fiat. She told me, "this car is so high tech, it has lights and bells and best of all, it really scoots !!! Most of all, I will really miss my friend..I am so thankful I was able to know Pat....she was amazing !!!!!
