“ Bruce and I walked our Jessi with Bob for many, many years. He was there rain or shine, hot or cold every day. When he wasn't we all worried and that's what happened this time. We lost our dear friend. Bob, you and Lucy will be sorely missed! Our condolences to Bob's family.

“ I started walking with Bob and Lucy at Western Gateway Park about 2 years ago. He was so kind and funny. I loved listening to his stories while we were walking. He had many friends at the park. In fact, today we were stopped by some his friends asking where Bob and Lucy were. My condolences to his family.

“ I met Bob about 6 years ago when I started walking at the park. He was my first dog walk buddy. We would chit chat about everything including our dogs, our kids, and the weather with a gold mining story thrown in from time to time. Lots of times we talked more than we walked, and had fun watching Lucy chase lizards and dig for gophers. He was always happy, never had a complaint, and had that infectious smile that I will never forget. Bob was my friend, and I will miss him dearly. My condolences to his family.

“ My sympathy goes out to Bob's family and friends. I have only known Bob for the past couple of years so I can only guess at what a wonderful husband, father, friend and worker he was. I saw him every morning no matter what the weather, walking his dog, Lucy, at the park. What a sweet, kind, funny man! He lived his later years with such grace and dignity. He bravely endured the physical challenges of aging and had an amazing attitude. I would like his family to know that he brightened every day and he will be deeply missed.
